*Collections of the Connecticut Historical
Society, Vol. 9 (Classic Reprint) Apr 30 2021
Excerpt from Collections of the Connecticut
Historical Society, Vol. 9 The majority of the
rolls printed in this volume and of those which
will appear in the succeeding volume are from
these Adams Papers in the State Library. In
addition there are rolls from the series lettered
War, 5, 6, 7, 8, 9, among the bound volumes of
archives in the State Library, a number from the
archives of the Connecticut Historical Society, a
few from private sources, and several from the
New York Historical Society's Collections for
1891. Items have also been gleaned from a volume
of army accounts 1755 - 1758 in the Comptroller's
Office, from the printed series of the Records-of
the Colony of Connecticut, and from the file of
the Connecticut Gazette in the Yale University
Library. The greater part of the copy for this
volume was prepared by the editor, and the proof
of every roll has been read by him with the
original manuscript. The index cards, which were*

written by Miss Alice M. Gay of Hartford, were also all compared by him with the printed sheets before they were printed. The names and official positions of general, regimental, and company officers, gathered from scattered sources, have been arranged for convenience at the beginning of each campaign, regiment, and company. So far as could be ascertained, the residence of each officer is given. Where the residence does not appear in the records but has been added by the editor, it is enclosed in brackets. In a number of instances where there were two or more rolls of the same company covering the same period, only one has been printed in full and a reference made to the others. This work does not profess to be more than a list of men who served as soldiers, with an account of their service and such further records as will aid in identifying them. Consequently much has been omitted in the printing of these rolls which has appeared irrelevant to the object in view. It has seemed outside the scope of the work to give the amount of bounty received, the sum per month or the total amount of pay received, the number of months and days in service when dates of both enlistment and discharge are given, and numerous similar items. As the location of the manuscript of each roll is given, the curious can find such items as occur by reference to the originals.
