**International Harvester Trucks** Nov 18 2022 Get the entire history of the best trucks on the road. The International Truck and Engine Corporation has built the trucks that have been a staple of both agricultural and industrial trucking for nearly 100 years. *International Harvester Trucks: The Complete History* tells the complete story of the light-, medium-, and heavy-duty trucks, vans, and station wagons built by International Harvester during over a century of history, starting from the company's early days, through its first truck model in 1907, and right up to the present. The focus is firmly on the trucks themselves including collectible machines such as the Travelall and Scout. Author Patrick R. Foster is one of the world's premier transportation historians. His accessible writing style, illustrated with hundreds of never-before-seen archival photographs, makes this book the best examination of one of the world's most prolific truck manufacturers.

**John Slater** Dec 07 2021 International truck driver John Slater is a loner. Tough, cynical and lonely. His truck is his home and contains everything he needs for international trips except for one thing: someone to share his life with. He has just started a trip to Hamburg when a motorway accident changes his life forever. An accident that causes him to adjust his attitude to life and death and starts him off on the strangest journey of his life. On that journey, he finds peace, understanding and romance. Meanwhile, his best friend, Stuart Clarke, must also find the strength to cope with the aftermath of that accident. John Slater: The Journey is a romance, a tragedy and a comedy. It will make you laugh, cry and, perhaps, wonder why. It may also alter your views on widely

held views and expectations. It poses the question: "What if this is the truth?"

*The Late Truck Driver* Dec 15 2019 *The Late Truck Driver* isn't about a deceased truck driver or someone who arrives late to pick up or deliver a load. It's about becoming a truck driver later in life. David Longanecker always dreamed of driving a big rig, but his life took a different path, leading him to enjoy a career as a higher education administrator and in policy analysis. When he retired, however, he chased his dream. In this book, he shares how he made the leap, what it was like prepping for and taking the test to earn his commercial driver's license, and how he earned real-world experience on the road. He also pays tribute to the beauty of big rigs and the pure joy that comes along with looking at them and driving them. There really is nothing like admiring the beauty of a landscape while sitting in the elevated cab of a big rig tractor. Whether you've wondered what it is like to drive a big rig, want to make a career change, or simply crave to know more about truck driving culture, you'll get an accurate picture of what the life is all about with this book.

*How to Walk a Dump Truck* Jan 16 2020 From the creators of the absurdly funny picture book *How to Eat an Airplane* comes a new spin on adopting a pet...truck. This vehicular spin on pet adoption features an unlikely pet: a dump truck. Kids will not only laugh, but learn. Just like a new pet, a new dump truck is a heap of responsibility, but it's also loads of fun. Just remember: If you take care of it well, your dump truck will be your forever friend. Includes tips on: selecting the perfect leash at the hardware store; whether to feed your truck diesel or regular; cleaning up your truck's messes at the dump; socializing with other trucks, and much more. Peter Pearson and Mircea Catusanu's follow-up to *How to Eat an Airplane* is clever fun for pet lovers and truck aficionados—whether their pet (or truck) barks, meows, or honks.

**Built to Love** Jul 02 2021 Boatwright and Cagan show how a firm can create products that electrify the market with excitement, products that go beyond functional performance to provide emotional fulfillment. There is a hum in the marketplace about these products, because they are the topic of conversations, media discussions, and social media posts. This book reveals how to understand, design and deliver products that engage and excite their customers through emotions evoked by the product itself, not just through advertising slogans and campaigns.
